

Program Development Committee

The Program Development Committee is hard at work assisting both Diane and Sarah as they plan for the summer and fall conferences. The evaluations completed by attendees in both August and October have given us a better idea of what you would like to see and hear in the future. Although it is impossible to address all of the ideas, we are working towards utilizing many your ideas at future events.

Our committee is always looking for new members to help serve

with us. We are the "go-fers" in helping plan these conferences. We help the officers with room set up, equipment, speaker check-in, stuffing of conference packets, and duties as assigned. It is a great way to network with other members and have fun too. Seriously consider joining our active committee...it is a way to be involved in the planning for our organization.
